Review Courses

The Pittsburgh Chapter of PSPE sponsors review courses twice yearly for both the Engineer in Training (EIT/FE) and Professional Engineer (civil discipline) exams. These courses meet one evening per week to complement the semiannual examinations administered in the Commonwealth of Pennsylvania. In the Spring of 2010, the PE exam is scheduled for Friday, April 16, 2010 and the EIT/FE exam is scheduled for Saturday, April 17, 2010. The review courses will be held at Robert Morris University in Moon Township. A minimum enrollment of 6 students per course is required. A tuition fee of \$470 is charged for each course, payable to Pittsburgh Chapter, PSPE. The Spring 2010 Review Courses are scheduled for 10 sessions beginning Wednesday, February 3, 2010 and running through Wednesday, April 7, 2010. Each course provides 30 hours of instruction. The deadline for course registration is Friday, January 29, 2010. The Civil PE Review Course runs concurrently on the same dates as the EIT/FE Review Course at Robert Morris University. All classes are scheduled from 6:00 PM to 9:00 PM.

For more information and registration materials for these courses, please check the Chapter web-site <http://www.PittsburghPE.org> or contact the Chapter office at 412-391-0615. Feel free to contact the Review Course Director, Steven Musial, P.E., at 412-956-6448 for additional class information.

NOTE: APPLICATION FOR THIS REVIEW COURSE DOES NOT CONSTITUTE APPLICATION TO THE COMMONWEALTH OF PENNSYLVANIA FOR PERMISSION TO TAKE THE EXAMINATION. APPLICATION TO SIT FOR THE APRIL 2010 EXAMINATION MUST BE POSTMARKED NO LATER THAN DECEMBER 1, 2009.

The application for the FE/PE exam can be obtained from ... <http://www.pcshq.com> or by calling 1-877-ENG-EXAM (1-800-364-3926)

For more information and registration materials, please contact the Chapter office at:

PSPE, Pittsburgh Chapter Office
337 Fourth Avenue
Pittsburgh, PA 15222
Phone: (412) 391-0615

Or call the Director of the courses: Steven Musial, P.E., at 412-956-6448

PSPE Basic Engineering Review Course -
A Mini Review for the Civil PE Examination Review Course / Mechanical Engineering PE Exam
[\(click here for the Basic Review Course application\)](#)
[Basic Review Course PDF application](#)

Once again the Pittsburgh Chapter of the PSPE is offering a Basic Engineering Review Course beginning January 13, 2010 which covers five subjects for people who intend to take the PSPE Civil Professional Engineer Examination Review Course, which begins on Wednesday, February 3, 2010. The Basic Engineering Review Course (Mini Review) is primarily for people who have already passed the FE or EIT exam but feel a need to brush up on some of the subjects that are of importance in the PSPE Civil PE Examination Review Course or plan on taking the Mechanical PE Exam. A minimum enrollment of 5 students is required.

This mini course is being offered because we have found that many students have not used these basic skills for some period of time and need a brief review to allow them to take full advantage of the information presented in the PSPE Civil PE Examination Review Course. Our goal is to give all students the best opportunity to be successful on the PE Examination.

These classes will review selected topics in mathematics, statics, strength of materials, engineering economics and physics. Each of the three classes will be 3 hours long and will be held at the Moon Campus of Robert Morris University. The class schedule is as follows:

<u>Date</u>	<u>Subject</u>	<u>Instructor</u>
Wed. January 13, 2010	Mathematics	Steve Musial, P.E.
Wed. January 20, 2010	Statics & Strength of Materials	Steve Musial, P.E.
Wed. January 27, 2010	Engineering Economics & Physics	Steve Musial, P.E.

All classes are scheduled from 6:00 PM to 9:00 PM. Students will be notified of the room location two days before the first class begins. Although this mini review course is intended as preparation for the PSPE Civil PE Examination Review Course, it may be somewhat applicable for those planning on taking the Mechanical Engineering PE Exam. Although those students who plan on enrolling in the PSPE EIT/FE Review Course will be receiving instruction in the above mentioned subjects, they are also welcome to take this mini review course if they sense a weakness in these subject areas.

The cost of this mini review course is \$170. The instructor, Steven Musial, P.E., can be reached at 412-956-6448 if anyone has any questions about this course.
