

Stephen R. Tritch

Chairman

Westinghouse Electric Company

Steve Tritch became Chairman of Westinghouse Electric Company on July 1, 2008. Prior to this, Mr. Tritch served as president and CEO since July, 2002.

Prior to his appointment as president and CEO, Mr. Tritch served as senior vice president, Nuclear Fuel, providing nuclear fuel products and services to nuclear power plants throughout the world. Prior to that, he successfully managed the integration of the former ABB nuclear businesses into Westinghouse Electric Company, and was senior vice president of Nuclear Services.

He has held numerous managerial and general manager positions since he began his Westinghouse career in 1971 as a product engineer in the former Power Circuit Breaker Division.

In 1983 he joined the Westinghouse Research and Development Center as manager of Naval Ship Programs,

acting as primary interface between Westinghouse divisions and major U.S. Navy shipyards.

Later, Mr. Tritch served as manager of training and recruiting for the Westinghouse International Power Systems organization, marketing manager of the Nuclear and Advanced Technology Division, and manager of Government Systems in the Westinghouse Advanced Energy Systems Division.

In 1991 he became manager of the Nuclear Safety Department and in 1992 he was appointed general manager of Engineering Technology.

He holds both a B.S. in mechanical engineering and an M.B.A. from the University of Pittsburgh. He is a member of the American Nuclear Society and was appointed by President Bush to the President's Export Council. He is also Chairman of the Board of Trustees for the

Senator John Heinz History Center in Pittsburgh.

He serves on the Board of Trustees and the Engineering Board of Visitors for the University of Pittsburgh, the Board of the University of Pittsburgh Medical Center (UPMC), the Board of the United Way of Allegheny County, and the Board of the Allegheny County Conference on Community Development.

Mr. Tritch was honored by the University of Pittsburgh as a Distinguished Alumnus for the Department of Mechanical Engineering and the Distinguished Alumni Fellow Award. He was also honored by the American Society of Mechanical Engineering International, Pittsburgh Section, as "Engineer of the Year".
