

The Engineers' Society of Western Pennsylvania

*337 Fourth Avenue
Pittsburgh, PA 15222*

Thank you for your interest in holding your Wedding Reception at the Engineer's Society. I would like to offer best wishes to you and your fiancée for a happy, healthy and prosperous future together.

We are located in the heart of Downtown Pittsburgh and are regarded as one of the premier luncheon and banquet facilities in Western Pennsylvania. Our Historic Organization was founded in 1880 and through the years has earned a reputation for excellent food, gracious service and affordable prices.

Perhaps most importantly, we offer you a combination of elegance, privacy and personal attention that we believe is unequalled by any other banquet facility in the area. The Engineer's Society can accommodate groups as large as 160 guests and our professional catering staff is quite skilled in planning and creating events which match your personal taste and budget.

Please look over the menu and feel free to give me a call or e-mail with any questions or to discuss how we can help you create the perfect Wedding Day.

Once again, congratulations and best wishes!

Sincerely,

*Michael Gaetano
